**We do not  
want to talk  
about them,  
we want to  
talk with  
them!**

**Listening,  
acknowledging  
and appreciating  
is more  
important than  
lecturing the  
youth.**

“

We need to be brave enough to diagnose, then collectively break down stubborn barriers to youth education, poverty and poor infrastructure.

**Young people  
have the  
potential to  
transform our  
world, if we  
equip them with  
the right tools.**
